

The Bridges Curriculum is an online social understanding curriculum for Parents and Teachers of children and young people with an autism spectrum disorder including Asperger syndrome.

The *Curriculum consists of 3 levels of learning:

- Advanced – relevant for approximately 12 to 16 year olds.
- Intermediate – relevant for approximately 7 to 11 year olds.
- Foundation – relevant for approximately 4 to 6 year olds.

(*For further information, please refer to the information pamphlet on The Bridges Curriculum.)

Both Catherine Pownall and Mary Yong are specialist speech therapists who work with children and young people with an autism spectrum disorder including Asperger syndrome. Based on 12 years of clinical development work, they collected results on the efficacy of the Bridges Curriculum, based on a retrospective follow-up study, and found positive outcomes in social communication, emotional development as well as independence.

For speech therapists who are interested in using the Bridges Curriculum, we would like to provide the following discounts:
